

2009 Professional Development Conference
THE NEW JERSEY EHS+HS CONFERENCE
(ENVIRONMENTAL HEALTH & SAFETY and HOMELAND SECURITY)
Wednesday, November 4, 2009 (8:00 AM – 4:15 PM)

REGISTRATION and NETWORKING BEGINS AT 7:00 AM*

**LIMITED SEATING
REGISTER EARLY**

PROGRAM:

- 7:00 to 8:00AM** Continental Breakfast, Registration and Networking
- 8:00 to 8:10AM** Welcome, Opening Remarks, and Introductions (David Goett)
- 8:10 to 8:55AM** Albert H. Arnofsky, President
Pleasant Hill Consultants, Inc. - Succasunna, NJ
Safety is a Quality Program
- 8:55 to 9:40AM** James R Reppermund
Expert Consultant, Howell, NJ
Improve Your MSDS Warnings for Static Accumulating Flammable Liquids
- 9:40 to 10:25AM** Philip Polios
New Jersey Department of Environmental Protection, Trenton, NJ
Emergency Preparedness: What do you mean, writing a plan is not enough?
- 10:25 to 10:45AM** Break
- 10:45 to 11:30AM** Robert Sagendorf
EII Inc. Cranford, NJ
“Focus Four” an OSHA Favorite
The “Focus Four” Contingent: Falls, Electrocution, “Struck-by’s” and “Caught-in’s”
- 11:30 to 12:15PM** Robert West
R. West Associates Inc., Newtown, PA
Fortuitous Fire Losses - Are You Prepared?
- 12:15PM to 1:00PM** Lunch (provided) and visit Vendor Exhibits
- 1:00 to 1:45PM** Nicholas DeRose, P.G. Senior Principal
Langan Engineering and Environmental Services Inc. Doylestown, PA
NJDEP Licensed Site Remediation Professional (LSRP) “The Beginning”
- 1:45 to 2:30PM** David Quinn
NAESIP LLC
Legal Fiduciary and Liability questions answered regarding LSRP
- 2:30 to 2:45PM** Break
- 2:45 to 3:30PM** Barry Weissman
Consultant, Piscataway, NJ
IED, RDD; BOOM! Protecting Against Terrorism, Vandalism and Explosions
- 3:30 to 4:15PM** Steven T. Olivetti
SK Environmental Associates, LLC, Principal
Green Buildings “The Good, The Bad, The Untrustworthy” Ventilation Criteria

LOCATION: Middlesex County Fire Academy, 1001 Fire Academy Drive, Sayreville, NJ 08872

COST: \$ 149 (includes continental breakfast and lunch)

Special pricing for two attendees registering together will be \$149 for first attendee and \$99 for the second person

Vendor Exhibit Information Display space will be available for table tops and small booths for \$195 which includes one attendee at no additional cost

CERTIFICATION MAINTENANCE: IHMM CMPs applied for.

REGISTRATION: Please complete the registration form below and send a check payable to: ACHMM-NJ by

OCTOBER 30, 2009.

2009 Professional Development Conference: ACHMM & ASSE: NJ Chapters

BOB SAGENDORF

PETER CARKHUFF

DIRECTIONS:

1001 Fire Academy Drive
Sayreville , NJ 08872

Via Route 9 / Route 35 Northbound:

Come up through South Amboy into Sayreville. Do not go over the bridge. Take the exit on to the Route 9/Route 35 circle. The sign for the exit reads North 35. The ramp is just after a large sign marked Colosseum (sic). At the bottom of the ramp merge right into the circle, then move quickly to the left lane to go around the circle. Bear left going around the circle, passing the Amboy Cinemas. After going under Route 9, merge to the right and take the first right turn-off, on to Chevalier Drive, just past the Sayreville Motor Lodge (Note: Chevalier Drive street sign may be missing, look for signs for Garden State Parkway "South"). After 1/4 mile (just past the Parkway entrance) turn left on to Main Street (large church at corner). After 3/4 mile take the exit for Kennedy Drive. At the bottom of the ramp turn right into the Academy.

Traveling from Perth Amboy on Route 35 Southbound:

Take Route 35 south, crossing the Victory Bridge, and passing the back of Amboy Cinemas. Follow the Route 9/Route 35 circle under Route 9. After going under Route 9, merge to the right and take the first right turn-off, on to Chevalier Drive, just past the Sayreville Motor Lodge (Note: Chevalier Drive street sign may be missing, look for signs for Garden State Parkway "South"). After 1/4 mile (just past the Parkway entrance) turn left on to Main Street (large church at corner). After 3/4 mile take the exit for Kennedy Drive. At the bottom of the ramp turn right into the Academy.

Via East Brunswick / South River via Route 535:

Route 535 is Cranbury Road in East Brunswick. It becomes Main Street in South River. Travel North on Route 535 through South River and over the Veterans' Memorial Bridge, stay in left lane. At the light after the bridge go straight on to Washington Road. At the next light, (this will be the second traffic light after crossing the bridge) turn left on to Main Street. Proceed to the fourth traffic light (approx. 5 miles) and make a left into the Fire Academy.

Via the Garden State Parkway Northbound:

Take Exit 125 (just after the Raritan tolls and before the bridge). At the bottom of the ramp turn left on to Chevalier Drive, then make the first on to Main Street (large church at corner). After 3/4 mile take the exit for Kennedy Drive. At the bottom of the ramp turn right into the Academy.

Via the Garden State Parkway Southbound:

Take Exit 124 (just after the Raritan tolls). At the bottom of the ramp turn right on to Main Street and after a few hundred feet make the first right on to Kennedy Drive. Stay on Kennedy Drive for 3/4 of a mile, through the traffic light, and straight into the Fire Academy.

Via Route 9 Southbound:

Take Route 9 south from Woodbridge over the Raritan River. Take the first exit (marked South Amboy Business Center). At the bottom of the ramp take the first right turn on to Chevalier Drive just past the Sayreville Motor Lodge (Note: Chevalier Drive street sign may be missing, look for signs for Garden State Parkway "South"). After 1/4 mile (just past the Parkway entrance) turn left on to Main Street (large church at corner). After 3/4 mile take the exit for Kennedy Drive. At the bottom of the ramp turn right into the Academy.

From the New Jersey Turnpike North or South:

Take Turnpike Exit 11 for the Garden State Parkway (GSP). After the tolls, bear left and on to the Garden State Parkway (GSP) traveling south. From the GSP take Exit 124 (just after the Raritan tolls). At the bottom of the ramp turn right on to Main Street and after a few hundred feet make the first right on to Kennedy Drive. Stay on Kennedy Drive for 3/4 of a mile, through the traffic light, and straight into the Fire Academy.

Speaker Biographies

Albert H. Arnofsky, CHMM is the president of Pleasant Hill Consultants, Inc. Al has a BE from Cooper Union and an MS from Carnegie Mellon University in Chemical Engineering. He is a Fellow of the Institute of Hazardous Materials Management, a Certified Hazardous Materials Manager, a Fellow of the American Institute of Chemical Engineers (AIChE) an executive board member and chair of the Government Interaction Committee of the North Jersey Section of the AIChE, a member of the and Past President of the Academy of Certified Hazardous Materials Managers of New Jersey, a member of the National Professional Development Committee and the Nominations Committee of the Academy of Certified Hazardous Materials Managers and the 2008 Pete Cook Founders Award Recipient. More information regarding Pleasant Hill Consultants, Inc. maybe found at <http://www.pleasanthillconsultants.com/>

James R. Reppermund graduated from the University of Pittsburgh with a BS in Mechanical Engineering. He retired from Dupont after 35 years in the coatings business. For about 15 of those years, he was Dupont's expert in the areas of static electricity, flammable materials handling, and vessel inerting. Mr. Reppermund is a former member of NFPA Committee 77, Static Electricity, and is currently the Chairman of Committee 35, Manufacture of Organic Coatings. He is a member of the National Fire Protection Association and the Electrostatics Society of America. In his career, Mr. Reppermund has investigated more than 100 fires involving flammable liquids and/or flammable solids and has written many articles on Static Electricity and Flammable Materials handling. Since retirement he has been a consultant in these areas and has worked for numerous law firms as an Expert Consultant/Expert Witness in the areas of static electricity and flammable liquid fires.

Philip Polios, CHMM has a BS in Chemical Engineering from Rutgers University. Employed with the NJ DEP since 1988; responsibilities include reviewing discharge prevention and response plans for facilities storing hazardous substances above threshold quantities and coordinating the Bureau's efforts with respect to implementation of NJ's security initiatives for the Chemical and Petroleum Sectors. Mr. Polis was the Past Chief, Eastampton Fire-Rescue Department and a member since 1995. He is the Chairman, Eastampton Board of Fire Commissioners, Battalion Chief, Burlington County Hazardous Materials Team and a member since 2003 and Deputy OEM Manager for Eastampton Township and a member of LEPC since 2002.

Robert J. Sagendorf, CHST, CSP, Corporate Safety Director has twenty years of experience in the manufacturing, industrial, and construction industry. He is responsible for all health and safety activities for construction as well as safety and health audits for all work sites. His duties include conducting safety meetings, training, new employee and subcontractor orientations, development of client site specific safety plans, and compliance measures for OSHA, NJDEP, and DOT. Other responsibilities include managing all medical, workers compensation, and general liability activities.

Robert A. West, CHMM, CEI, REM is the President of R.A. West Associates a consulting firm in the environmental services field specializing in property and liability insurance claims. Mr. West has also more than eighteen (18) years experience managing, operating, and developing businesses for several national and international corporations. The services offered by these companies include waste handling, storage, treatment, and disposal and remedial, engineering and evaluation services for contaminated sites. During this time, Mr. West has also been involved in the development, marketing, and implementation of ten (10) new techniques/technologies in the environmental services field. These techniques/ technologies include solvent extraction, rotary kiln and fluidized bed incineration, soil vapor extraction, stabilization, and bioremediation. Several multi-million dollar projects have been successfully bid and managed by Mr. West and the staff of the companies for which he has worked. Currently Mr. West is President of R.A. West Associates, Inc.,

Nicholas De Rose, P.G. is a Senior Principal at Langan Engineering and Environmental Services who has over 30 years of environmental consulting experience specializing in Site Remediation and the Cleanup of Hazardous Waste Sites. His expertise is in hydrogeology and is combined with an in-depth understanding of "risk-based" concepts to provide practical solutions for complex remediation issues. Nick has an active history of leadership in recognized professional and technical organizations and has presented testimony to a U.S. Congressional Subcommittee on Commerce, Trade and Hazardous Waste regarding federal barriers to environmental cleanups. In 1989, Nick participated in the first joint U.S./U.S.S.R. Symposium on Hydrology in Moscow. In 2008, Nick organized the Licensed Site Professional (LSP) Consultants Coalition in New Jersey in response to anticipated legislation to establish an independent LSP regulatory program for remediation cases in New Jersey. Since adoption of the legislation in May 2009, Nick has worked with other professionals to establish the New Jersey Licensed Site Remediation Professionals Association (LSRPA) and is currently a Vice President and member of the Interim Board of Director's. Nick maybe contacted at nderose@langan.com

David A. Quinn CIC, ARM, CRM is the president of The National Alliance of Environmental Specialists Program (NAESIP), David is noted as a problem solver who finds the right balance of insurance and risk management practices to achieve optimum asset protection. After recognizing a need to help environmental contractors and consultants who work with the soil, water and air, David became the Administrator for the Alliance of Environmental Specialists (AES) in 2001. David personally handled more than 70 environmental contractors and consultants that work in this field. In addition, David is training a select group of agents and is making available NAESIP, which is proving to be the optimum product of protection for the policyholders in their respective regions. David earned his Certified Insurance Counselor (CIC) designation in 2001. In order to earn a CIC designation one must demonstrate professional competence through a combination of experience, formal training, and a series of written examinations focusing on all major fields of insurance and management. David also received his Associates in Risk Management (ARM) designation, which requires a strong background in risk management and financing techniques. Reflecting his strong commitment to risk management issues, David has also earned his Commercial Risk Management (CRM) designation and title.

Barry R. Weissman, REM, CSP, CHMM, CHS-III is a Registered Environmental Manager, Certified Safety Professional, a Diplomat of the Institute of Hazardous Materials Managers, Certified in Homeland Security at Advance Level 5 and a Certified Infrastructure Protection Specialist. He holds a Bachelor of Science Degree from Delaware Valley College of Science and Agriculture in Doylestown, Pennsylvania and a Masters in Business Administration from Fairleigh Dickinson University here in New Jersey and is a graduate Master Gardener with Rutgers Cooperative Extension Service. He is a Life Member with Middlesex County Office of Emergency Management where he is a Group Leader in the Emergency Services Bureau and the Training Officer. Barry is a member of the Academy of Certified Hazardous Materials Managers and a former member of the National Fire Protection Association on their Technical Committee for Recommended Practice 1620-Pre-Incident Planning. He is a frequent presenter and writer. He is co-author of the chapter on Hazardous Wastes for the ASSE Safety Professionals Handbook and has numerous articles published at SafetyXChange.com, Occupational Health & Safety Magazine and Industrial Safety and Health Magazine.

Steven T. Olivetti is Principal of SK Environmental Associates, LLC. He has over twenty-seven years experience in industry and consulting. Expertise include: site audits, process safety management, indoor air quality assessments, and other environmental assessments and training. Steve has performed over 1,000 indoor air quality assessments and energy audits for: large scale continuing care facilities, schools, retail stores, manufacturing facilities, office buildings, theaters and other public and private buildings. Inspections include HVAC and air pollution control systems for proper ventilation, filtration, control efficiency and cleanliness and provided oversight for repair, design and replacement systems. Steve has conducted many seminars on topics including Indoor Air Quality, Water Infiltration, Ventilation in Buildings, Energy Management, Vapor Intrusion in Buildings, Environmental Site Assessments and Remediation, OSHA safety programs, Risk Management Plans, RCRA Hazardous waste handling, DOT transportation of hazardous materials (HAZMAT), and regulatory updates for OSHA, NFPA, EPA, RCRA, DOT, and ASHRAE.
